

# BEATRICE OANA STANILA

JUNIOR SOFTWARE DEVELOPER

Coventry, UK

07376552619

beatrice.stanila@gmail.com

## PROFILE SUMMARY

Highly adaptable and versatile professional with a unique background in both pharmacy and software development. As a former pharmacist, I have a proven ability to absorb complex information and think critically, skills which I have applied during the Full Stack JavaScript Development Bootcamp at the School of Code. I am eager to explore all aspects of software development, from frontend development to backend systems and everything in between. I am ready to dive into any project head-on and make a meaningful impact in the tech industry.

## TECHNICAL SKILL

Languages	Frameworks	Tools	Testing	Working Methodology
<ul style="list-style-type: none"><li>JavaScript</li><li>Python</li><li>SQL</li><li>HTML</li><li>CSS</li></ul>	<ul style="list-style-type: none"><li>Node.js</li><li>Express.js</li><li>React &amp; Next</li><li>REST API</li><li>TailwindCSS</li></ul>	<ul style="list-style-type: none"><li>PostgreSQL</li><li>Firebase Auth</li><li>MongoDB</li><li>Source Control Git</li><li>Kanban, Figma, Miro</li></ul>	<ul style="list-style-type: none"><li>Postman</li><li>Jest</li><li>Cypress</li></ul>	<ul style="list-style-type: none"><li>Agile - Scrum</li><li>Pair Programming</li><li>Peer Code Reviews</li><li>CI/CD Pipeline</li><li>TDD</li></ul>

## EDUCATION

### Full Stack JavaScript Software Developer

School of Code, UK

09/2022 - 03/2023

### Pharmacy Bachelor's Degree

Victor Babes - University of Medicine and Pharmacy, Timisoara, RO

09/2014 - 09/2019

### Mathematics and intensive Computer Science Degree

Traian Lalescu - National College of Informatics, Hunedoara, RO

09/2009 - 07/2013

## PROJECT

### AMIGO - A Travel Platform for Exploring Lesser-Known Destinations.

[Demo](#) | [GitHub Repo](#)

- Throughout the final month of the School of Code bootcamp, I collaborated with five fellow bootcampers to build a travel companion app. Amigo not only simplifies the travel experience but also immerses users in the local culture, providing a truly authentic experience.
- It allows users to explore off-the-beaten-path destinations in a hassle-free manner. With just a few clicks, users can discover unique and authentic experiences that go beyond typical tourist hotspots.
- Amigo features a personalized dashboard that enables users to save their favorite places, jot down travel memories in a digital journal, and customize the app's color scheme to match their individual preferences
- I contributed to the development process by working on various aspects, such as database management, front-end development, authentication features, unit testing, refactoring, deployment, and styling.
- The technology used: **JavaScript**, **Next**, **PostgreSQL**, **Node**, **Express**, **Netlify**, **Firebase Auth**, **Axios**, **TailwindCSS**, **OpenTripMap API**.

## WORK EXPERIENCE

### Pharmacovigilance Specialist, ProPharma Group - Remote, UK

02/2022 - 09/2022

- I was part of the **team** responsible for monitoring the safety and efficacy of the Novavax Vaccine. My key responsibilities included reporting adverse events and product quality complaints in accordance with established protocols. To carry out these tasks, I utilized the Argus database and applied MedDRA coding with great **attention to detail**.
- I also **conducted daily meetings** with small groups of 3-5 colleagues, guiding them through the **analysis** of different adverse event cases for practice.

### Pharmacy Assistant, Boots - Coventry, UK

03/2020 - 01/2022

- I took on the important role of Patient Safety Champion, working closely with the **team** to ensure that each patient received the highest quality care and that any potential risks were identified and addressed in a timely manner.
- Provided individualized advice that enabled customers to make well-informed decisions about their healthcare needs.
- Collaborated** with other healthcare professionals from various GP surgeries which helped me gain a broader perspective on patient care and work together to ensure that each individual received the best possible treatment.

## HOBBIES & INTERESTS

- Currently Learning: Building a Booking App, TypeScript, Algorithms, OOP, Cloud, Leetcode.
- Travelling - participated in the USA Work & Travel programme | Fitness | Formula 1 | Literature | Languages | Meetups | Reddit.
